# The Distributors Wall

Looking for distributors? Interested to deal new products and improve your business?  
These are the pages for you: announcements of companies and distributors searching for each other.  
Your next partner is already waiting for you. Write to [classified@infodent.com](mailto:classified@infodent.com) to be in the next issue.

**Always free for distributors!**

All classifieds we receive will be verified. Any fraud or incorrect behavior will be reported to the competent international authorities.

As a consulting agency we can only guarantee the reliability of classifieds carrying our world logo, since they are our customers and we are aware of their proven seriousness.

For more than a century we at **MORSA GmbH GERMANY** have produced dental materials that meet the most demanding expectations when it comes to quality and reliability. Since that long time, we have sold our products over distributors in more than 50 countries worldwide based on the principles of stability and accountability. We are ready to expand our international engagement with competent dealers who will sell our excellent quality products as their private label.

**Lares Research**, a U.S. manufacturer of innovative dental handpieces is seeking international distributors. Lares recently introduced the Pastel Plus prophylaxis handpiece which is the smallest, lightest, and most ergonomic prophylaxis ever designed. In 2019, Lares introduced Fluoresce HD, the world's first dual wavelength LED swivel coupler enabling dentists to choose between white or 405 nm (UV) LED light output from their air turbine. Fluoresce HD is compatible with all the Kavo connection handpieces such as the Lares ProStyle SF (1 yr. warranty) and Legacy 5 dentistry's first five-year warranty high speed handpiece.

**Lares Research - [cgodoy@laresdental.com](mailto:cgodoy@laresdental.com)**

**[www.laresdental.com](http://www.laresdental.com)**

**Tel: +39 0434 635210 - [www.astrastyl.it](http://www.astrastyl.it) - [commerciale@astrastyl.it](mailto:commerciale@astrastyl.it)**

**ROEN** has designed 4 fixation systems for oral surgery DUAL PINS Hybrid pins for membrane and mesh fixation, S-LINE screws for blocks and mesh fixation, FIT-LOCK screws for mesh fixation and PINJECT gun and pins for membrane fixation. Kits include manual drivers, CA drivers, burs and refills. The autoclavable dispenser is a very valuable item to complete all systems. PINJECT is an automatic system for pins delivery and it is based on a gun that holds pins inside the tip and delivers them into the bone by a mechanical action based on a spring system. Pins are withdrawn from dispenser with the gun by using only one hand and they fit inside the tip of the syringe without any risk of fall out before they are released into the bone by pushing the gun's trigger. PINJECT is a very easy and fast delivery system for pins.
