

We are Infodent Int'l, a marketing consulting agency. All our loan-granting process of multichannel services, included the partners search all over the world for our customers, are certificated according to the quality system ISO 9001:2015 through the certification authority DNV-GL.

The Distributors Wall

Looking for distributors? Interested to deal new products and improve your business?
These are the pages for you: announcements of companies and distributors searching for each other.
Your next partner is already waiting for you. Write to classified@infodent.com to be in the next issue.

Always free for distributors!

All classifieds we receive will be verified. Any fraud or incorrect behavior will be reported to the competent international authorities.

As a consulting agency we can only guarantee the reliability of classifieds carrying our world logo, since they are our customers and we are aware of their proven seriousness.

Are you interested in representing the global leader in Single-Patient-Use burs? We have been leading the industry with Single-Patient-Use diamonds and carbides and continue to grow every year. We are looking for distributors wanting to represent not only a premium product but a premium brand as well. If you're passionate about providing safe, effective and superior dental products then we would love to speak with you.

Looking for products

ROEN has designed 4 fixation systems for oral surgery DUAL PINS Hybrid pins for membrane and mesh fixation, S-LINE screws for blocks and mesh fixation, FIT-LOCK screws for mesh fixation and PINJECT gun and pins for membrane fixation. Kits include manual drivers, CA drivers, burs and refills.

The autoclavable dispenser is a very valuable item to complete all systems. PINJECT is an automatic system for pins delivery and it is based on a gun that holds pins inside the tip and delivers them into the bone by a mechanical action based on a spring system. Pins are withdrawn from dispenser with the gun by using only one hand and they fit inside the tip of the syringe without any risk of fall out before they are released into the bone by pushing the gun's trigger.

PINJECT is a very easy and fast delivery system for pins.
